

Dear BIRTH Supporter:

After a two-year hiatus, we are happy to announce that the **19th Annual BIRTH Fair** will take place on Saturday, October 29, 2022, from 10:30 am - 4 pm at the United Way of Greater Houston located at 50 Waugh Drive, Houston, Texas, 77007.

BIRTH - Bringing Information and Resources to Houston - is a non-profit 501c(3) and its mission is to foster the spirit of healthy birth options by empowering families and supporting birth professionals. This is achieved through our commitment to creating an informed community by providing access to information about healthy birth options through BIRTH Fair, a Board of Resolutions, a yearly Resource Guide, a parent and professional lending library, and midwifery scholarships to support midwives of color in the Houston area.

BIRTH Fair is a fun, family-centered event dedicated to raising awareness from pre-pregnancy to postpartum care, healthy and natural parenting, and national and global maternity care issues. BIRTH Fair is not only for pregnant and nursing people but family members and other members of the community interested in healthy birth options and women's issues.

We invite you to be a sponsor or vendor at this year's event. This is the registration link:

<https://forms.gle/AgTnVNpJ7oQCiDt69> As booth space is limited and vendors are selected to ensure a variety of services are represented on a first come, first served basis, we encourage you to fill out the application as soon as possible. **Early registration ends on October 1, 2022.** We have limited subsidies available on a case-by-case basis for those organizations that may not be able to pay the full fee. Organizations that miss the final deadline of **October 21, 2022**, may be accepted with a \$50 late fee.

A vendor booth consists of a 5' table, two chairs, and a table skirt. Business names will be displayed above your booth and in our event program. You will need to furnish your own office supplies if it's needed to set up your booth.

Each year we find that families and community members are excited about BIRTH Fair because they can find local experts on topics like nutrition, breastfeeding, water births, cesarean prevention, VBAC preparation, vaccines, baby wearing, evidenced-based care, education choices, birthing centers, doulas, alternative care, and more. We are excited to have your organization participate in this life-changing event! Please contact us with any questions or concerns. Again, we do sell out of booths so please register early.

We look forward to seeing you at this year's BIRTH Fair!

Sincerely,

Patricia Jones
President and Founder of BIRTH
